## 2018–19 Student Transportation Fees

### Fee increase to cover rising costs

Student Transportation fees increased 5 per cent this year and are projected to increase an additional 5 per cent each year until September 2020. The Board of Trustees voted to cover the increase for the 2018–19 school year. This means there won't be any additional cost to families this year; however, families will see an increase to transportation fees in 2019–20.
