## First things first

When making the move to high school, the most important step is choosing a school that suits **YOU**.

So take a moment to think:  
What are your goals? Your interests?

*Write them down!*

*My goals:*

.....

.....

.....

*My interests:*

.....

.....

.....

Answering these questions will help guide your decisions over the next few months as you:

- **research your options**
- **apply to a school**
- **choose your courses**

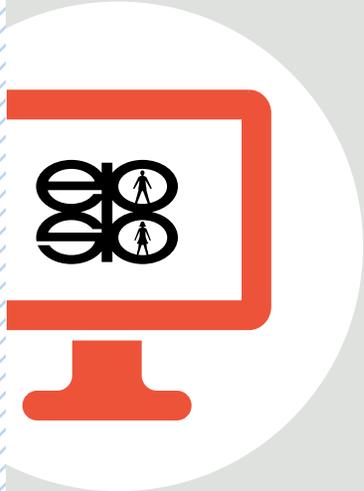

# Get on track . . . . . →

There are lots of steps between finishing Grade 9 and starting your first day of high school. Here's what you need to know to get on track!

# Research your options

No lab coats required.

*Schools I'm interested in  
and their open house dates:*

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

Take time to find information about schools you're interested in and choose one that suits you.

### Visit websites and social media accounts

Find a list of high schools at [epsb.ca/schools/findaschool/list/seniorhigh](https://www.epsb.ca/schools/findaschool/list/seniorhigh). School websites will help you learn more about what you can look forward to at each school, including:

- programs and courses
- registration dates
- athletics and clubs
- news and events
- services for students

School social media accounts will give you a snapshot of student life and exciting ways to get involved.

### Review school program guides

High school program guides share information about school programs, courses, clubs and services. Review these guides to learn about each school's academic focus and what makes it unique. Watch for them at your school or pick one up at a high school open house.

### ▶ Attend school open houses

Our schools come alive and look forward to welcoming you to their open houses **starting in February!** This is your chance to get an all-access pass to see what different high schools are like. Explore the hallways and classrooms, chat with teachers and students to learn about programs, and get a glimpse of where your locker and classes might be. Be wowed by science experiments, dance performances, theatrical presentations, musical ensembles and so much more.

Find open house dates at [openhouse.epsb.ca](https://www.openhouse.epsb.ca).

# Apply to a school

Don't forget to apply by **April 18!**

## Consider your designated school

Every home address in Edmonton has a designated school (though your designated school isn't always the one closest to your home). If you register before April 18, you're guaranteed a spot at your designated school. Registering after that may limit your choices.

Find your designated school at [epsb.ca/schools/findaschool](https://epsb.ca/schools/findaschool).

## Don't want to attend your designated school?

You can attend any other District school, as long as:

- the school has space available
- you meet that school's entrance criteria

## Schools with limited space

If a school does not have enough space for all students who want to attend, new applicants from outside the school's designated attendance area are chosen by **random selection**. If you aren't selected to attend your preferred high school, remember you can attend your designated high school or any other high school with space.

If you have questions about random selection, talk to a school counsellor, assistant principal or principal, or visit [epsb.ca/schools/register/randomselection](https://epsb.ca/schools/register/randomselection).

.....

.....

.....

.....

.....

.....

### Looking for a school with a particular program?

#### Language immersion or bilingual programs

If you're currently enrolled and will continue your studies in a language immersion or bilingual program, you're guaranteed admission to high schools that offer those programs.

#### High schools with entrance criteria

If you're applying to Old Scona Academic, you must meet certain entrance criteria, write an entrance exam and submit an application form by February 27, 2017. Visit [epsb.ca/schools/register/entrancecriteriaschools](https://epsb.ca/schools/register/entrancecriteriaschools) for more information.

Learn more about our regular, alternative and special education programming at [epsb.ca/programs](https://epsb.ca/programs).

## Registration vs. pre-enrolment

### Not sure which school to choose?

This is a big decision. Talk to your family and teachers, and meet with a counsellor or assistant principal at your school to help you decide what's best for you.

**APPLY BY APRIL 18**

Are you **new** to Edmonton Public Schools?

**YES**

### REGISTER

If you are new to Edmonton Public Schools, **register as a new District student.**

You'll need to complete a Student Registration form. You can register at any of our schools throughout the year, but applying after **April 18** may limit your options.

**NO**

### PRE-ENROL

If you're currently an Edmonton Public Schools student, **tell your parents about pre-enrolment.**

Once you've chosen which high school you'd like to attend, **your parents need to sign in to their SchoolZone account to select your preferred school between March 13 and April 18.**

If you have questions, or need help completing pre-enrolment before the April 18 deadline, contact your current school principal.

For more information about high school registration, visit [epsb.ca/schools/register/highschoolregistration](https://epsb.ca/schools/register/highschoolregistration).

# Choose your courses

Create a plan that works for you.

## ▶ A lesson in **vocabulary**

### Course credits

To earn credits in a course, you need a mark of at least 50%. Each course is assigned a number of credits (usually 3 or 5), and credits can only be earned once in any course.

You need to meet course requirements and have 100 credits to graduate from high school. For more details on requirements, see page 8.

### All-year vs. semestered courses

Some courses run all year from September to June, while others are semestered. Many high schools offer flexible programming schedules. Contact the schools you're interested in to learn more.

### Course numbering

A course number typically tells you both the grade level and level of academic challenge.

- Grade 10 courses are numbered 10 through 15 (for example, Science 10 and Science 14).
- Grade 11 courses are numbered 20 through 25 (for example, Biology 20).
- Grade 12 courses are numbered 30 through 35 (for example, Mathematics 31).

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

## Choose your courses *(continued)*

### What are core courses?

Core courses are required to graduate.

They include:

- English
- Social Studies
- Mathematics
- Science

### Career and Life Management (CALM) and Physical Education

are not core courses, but are required for an Alberta High School Diploma.

### Course sequences

Course numbers are arranged in sequences. For example, an English course sequence might involve taking English 10-1 in Grade 10, English 20-1 in Grade 11 and English 30-1 in Grade 12.

### Prerequisites

A prerequisite is something you need to do or know before doing or learning something else. Most Grade 11 and 12 courses have prerequisites. In most cases, you need to earn a grade of at least 50% in a prerequisite course to take the next course in a sequence.

For example, you'll need **at least 50%** in Social Studies 10-1 to take Social Studies 20-1.

If you earn less than 50%, you may choose to:

- repeat the course or
- continue to the next level in a less challenging course sequence (if available) and earn credits retroactively

For example, if you earn less than 50% in Social Studies 10-1, but continue to Social Studies 20-2 and complete the course, you will earn credits for Social Studies 10-2 and Social Studies 20-2.

## Choose your courses *(continued)*

### Diploma exams

are tests given to Alberta high school students who are taking 30-level diploma examination courses. Final marks in these courses are a blend of school and diploma exam marks.

Diploma exams are required in:

- English 30-1 and 30-2
- Social Studies 30-1 and 30-2
- Mathematics 30-1 and 30-2
- Biology 30, Chemistry 30, Physics 30 and Science 30
- French Language Arts 30-1

### Alberta High School Diploma requirements

To obtain an Alberta High School Diploma, you must earn at least 100 credits by taking required courses, plus other courses that interest you and help you achieve your goals.

At least 56 credits from these required courses

- English 30-1 or 30-2
- Social Studies 30-1 or 30-2
- Mathematics 20-1 or 20-2 or 20-3
- Science 20 or 24 or Biology 20 or Chemistry 20 or Physics 20
- Physical Education 10
- Career and Life Management (CALM)

The science requirement may also be met with the 10-credit combination of Science 14 and Science 10.

Earn 10 credits or more, in any combination, from:

At least 10 credits from these courses

- Career and Technology Studies (CTS)
- Fine arts
- Second languages
- Physical Education 20 and/or 30
- Registered Apprenticeship Program (RAP) courses
- Knowledge and Employability courses

Earn 10 credits or more in any 30-level course (in addition to English and Social Studies), in any combination, from:

At least 10 credits from these courses

- 30-level Mathematics or Science or fine arts or second languages or CTS or Physical Education
- 30-level locally developed courses
- 30-level Work Experience
- 30-level Registered Apprenticeship Program (RAP)
- 30-level Knowledge and Employability courses
- Advanced level (3000 series) in CTS courses
- 30-level Green Certificate Program courses
- Special Projects 30

Locally developed courses give you a chance to explore a range of interests like abnormal psychology, speech and debate or vocal jazz.

Learn more about these course options from high schools you're interested in.

More information: [education.alberta.ca](http://education.alberta.ca).

## Core courses

### English Language Arts *Ah, the beauty of words!*

Studying English involves much more than learning how to read and write. The two aims of the high school English Language Arts program are to:

- provide you with an understanding and appreciation of a broad range of texts
- enable you to use language for many purposes

English focuses on six areas: listening, speaking, reading, writing, viewing and representing.

**English 10-1, 20-1 and 30-1** focus on interpreting complex texts and refining your ability to show you understand those texts. Students who take this course sequence will create and analyze a variety of literary texts with increasingly sophisticated written expression.

**English 10-2, 20-2 and 30-2** allow you to engage in the same goals as the -1 stream, but with more focus on popular non-fiction texts and feature films. The emphasis is on developing your understanding of and ability to communicate about various texts.

Both course sequences meet diploma requirements and require you to write a diploma exam upon completion of the 30-level course.

Some post-secondary programs accept English 30-2 for entry. Make sure you're familiar with entrance requirements for the programs you're considering. Talk to your school counsellor to make sure your chosen course sequence is right for you.

Both the -1 and -2 English course sequences can be used to apply for the Alexander Rutherford Scholarship for High School Achievement.

To earn an Alberta High School Diploma, you need to:

- ✓ **complete English 30-1 or 30-2**

## Choose your courses *(continued)*

### Social Studies *Connect with your world.*

Social Studies explores how people are connected to each other and the world. By studying past and present issues, you'll learn about diversity and respecting multiple perspectives. The goal is to help you decide your future as an engaged and responsible citizen within your local and global communities.

To earn an Alberta High School Diploma, you need to:

- ✓ **complete Social Studies 30-1 or 30-2**

There are two main course sequences in Social Studies:

- **Social Studies 10-1, 20-1 and 30-1**
- **Social Studies 10-2, 20-2 and 30-2**

In both sequences, students explore the meaning and effects of globalization, nationalism and ideologies. Additionally, both sequences meet diploma requirements upon completion of the 30-level course. However, the expectations for Social Studies 10-1, 20-1 and 30-1 put more emphasis on complex concept development, critical thinking and skill development.

Many post-secondary schools accept Social Studies 30-2 for entry. Make sure you're familiar with entrance requirements for the post-secondary programs you're considering. Talk to your counsellors to make sure your chosen course sequence is right for you.

Both the -1 and -2 Social Studies course sequences can be used to apply for the Alexander Rutherford Scholarship for High School Achievement.

# Mathematics *Here's where it should all add up.*

Math counts! In every aspect of your life, you use numbers, problem solving and spatial reasoning to help make decisions. The more you learn about how math systems work, the better you will be at making choices that help yourself and others.

To earn an Alberta High School Diploma, you need to:

- ✓ **earn at least 10 credits by taking a 10- and 20-level math course**

**Mathematics 10C** (Combined) is the starting point for both course sequences and will prepare you for entry into post-secondary programs that require advanced math skills. You must have 50% in Math 9 to enter this course.

**Mathematics 20-1** and **30-1** are precalculus courses designed to prepare you for entry into post-secondary studies involving calculus, such as engineering, business and certain sciences. Mathematics 30-1 is a prerequisite or co-requisite (which you can take at the same time) for Mathematics 31.

**Mathematics 20-2** and **30-2** prepare you for post-secondary studies in programs that do not involve calculus.

**Mathematics 10-3, 20-3** and **30-3** provide you with the foundational understanding and critical-thinking skills for entry into many trades and for direct entry into the workforce.

**Mathematics 31** is a calculus course that prepares you for post-secondary programs that recommend or require high school calculus for entrance. See your school counsellor for more information.

\*Math 30-1 is a prerequisite or co-requisite for Math 31.

Both the -1 and -2 Math course sequences can be used to apply for the Alexander Rutherford Scholarship for High School Achievement.

# Choose your courses *(continued)*

## Science *Curiosity thrives here!*

Science inspires a sense of wonder and curiosity about the world. Studying the relationships between science, technology and society can help you understand how and why things work. You might even make discoveries that improve yourself and the world.

To earn an Alberta High School Diploma, you need to:

- ✓ **complete Science, Biology, Chemistry or Physics at the 20 level**
- OR**
- both Science 14 and 10**

**Science 10** is the prerequisite for all the academic sciences. In other words, you need to complete Science 10 before advancing to other science courses. Science 10 provides you with an overview of the biological, chemical, physical and earth sciences, as well as an awareness of the connections between them.

**Biology 20** and **30** explore how living organisms interact with each other and within their systems. Biology 20 focuses on energy and matter exchange and is a prerequisite for Biology 30. Biology 30 emphasizes adaptation and change.

**Chemistry 20** and **30** study matter and how it interacts on a molecular level. You'll get a chance to explore and understand the natural world and see chemistry's great influence on your everyday life.

**Physics 20** and **30** examine matter and energy and their interactions. You will study the underlying physics principles behind natural events and man-made technologies.

**Science 20** and **30** explore concepts related to physics, biology, chemistry and earth sciences. Biology 20, Chemistry 20 and Physics 20 can be used as prerequisites for Science 30.

**Science 14** and **24** include topics in Biology, Chemistry and Physics you can apply in your daily life. These courses allow you to meet the credit requirements for an Alberta High School Diploma for approved science coursework.

## Physical Education *Make your move!*

Physical Education classes are a great way to foster a healthy and active lifestyle. Their central theme—daily active living—explores four main concepts: movement activities, health benefits, interacting positively with others and personal responsibility.

### REQUIRED

To earn an Alberta High School Diploma, you need to:

- ✓ **complete at least 3 credits in Physical Education 10**

**Physical Education 10** (3 or 5 credits) is one of the requirements for an Alberta High School Diploma. Physical Education gives you the knowledge, skills and attitudes necessary to lead an active, healthy lifestyle.

**Physical Education 20** and **30** (3 or 5 credits) are optional courses and involve increased exposure to life-skill activities and leadership experience. The skills developed in these courses help you make choices that lead to an active, healthy lifestyle.

Physical Education 9

Physical Education 10

Physical Education 20

Physical Education 30

## Career and Life Management (CALM)

CALM helps you develop the knowledge, skills and attitudes necessary for well-being in our rapidly changing society. You will learn to make well-informed, thoughtful decisions in all aspects of your life.

**CALM** is organized around three main themes:

- self-awareness and health
- resources related to independent living
- career and life choices

Students will participate in independent assignments, group projects and discussions. Guest speakers may visit the class to provide information on a wide range of health and wellness issues.

### REQUIRED

To earn an Alberta High School Diploma, you need to:

- ✓ **complete CALM**

## Choose your courses *(continued)*

### Honours programs

Many high schools offer honours programs that give you a chance to explore university-level material in a supportive environment. If you are considering an honours program, certain courses will differ from those in a regular high school program. The rigorous curriculum is designed to give you a strong foundation for academic post-secondary studies. Check with your school counsellor to learn more before planning your courses.

### Advanced Placement

Advanced Placement (AP) courses help students develop critical-thinking and problem-solving skills. The AP program is recognized by hundreds of universities in more than 60 countries. AP is offered at:

- Eastglen
- Edmonton Christian
- J. Percy Page
- Jasper Place
- Millwoods Christian
- Queen Elizabeth
- Strathcona
- W.P. Wagner

More info: [apcanada.collegeboard.org](http://apcanada.collegeboard.org)

### International Baccalaureate Diploma Programme

The International Baccalaureate (IB) Diploma Programme is designed to develop inquiring minds, an international perspective and effective work habits. IB qualification is recognized internationally and accepted by more than 100 universities worldwide. IB is offered at:

- Harry Ainlay
- Jasper Place
- Lillian Osborne
- M.E. LaZerte
- McNally
- Old Scona Academic
- Ross Sheppard
- Victoria

More info: [ibo.org](http://ibo.org)

## Off-campus education

Off-campus education allows you to explore job interests and learn more about potential careers. Courses include:

- Work Study
- Workplace Readiness 10-4
- Workplace Practicum 20-4 and 30-4
- Work Experience 15, 25 and 35
- Career Internship 10
- Registered Apprenticeship Program
- Green Certificate Program

Off-campus learning experiences require students to complete a minimum of 1 credit (25 hours) of safety training.

### Registered Apprenticeship Program

The Registered Apprenticeship Program (RAP) allows you to:

- work as an apprentice to earn credits toward a high school diploma (5 credits for every 125 hours of work, to a maximum of 40 credits or 1,000 hours)
- accumulate hours toward your ticket in one of Alberta's 50 designated trades
- transition into a full-time apprenticeship program when you graduate
- complete health and safety training
- earn a competitive wage

If your high school offers 3400-level Career and Technology Studies courses, you can use them toward your first year of technical training in a trade.

More info: [tradesecrets.alberta.ca](http://tradesecrets.alberta.ca)

### Work Experience

Work Experience 15, 25 and 35 give you the chance to explore possible careers and get credits for paid or volunteer work. One credit is earned for every 25 hours of experience. You may earn 3 to 10 credits at each level, but a maximum of 15 may be counted toward the 100-credit requirement for a diploma.

**While many schools offer the Registered Apprenticeship Program and Work Experience, there are a variety of off-campus courses that may suit your needs. Talk to a school counsellor to find your best fit.**

Some employers even pay students for their work!

# Choose your courses *(continued)*

## Knowledge and Employability

### Earning a Certificate of High School Achievement

Students enrolled in Knowledge and Employability (K&E) courses can take advantage of community partnerships to prepare for employment, further studies, active citizenship and lifelong learning. K&E courses give you the opportunity to learn through hands-on activities at school and off-campus, maximizing your chances for success in whatever you choose to do.

Earn a **Certificate of High School Achievement** when you complete 80 credits in a combination of K&E and other courses.

**OR**

Earn an **Alberta High School Diploma** if you meet the requirements listed on page 8.

#### K&E courses are for you if:

- you plan to complete a Certificate of High School Achievement (rather than an Alberta High School Diploma)
- your goals include succeeding in school to better prepare for the workplace
- you achieve your greatest success through hands-on learning activities

Some students start in K&E courses, then shift to other high school courses. To make the transition, consult with your school counsellor and parents or guardians. Transitions will be decided based on your needs, goals and achievements. You may also transition to training opportunities and continuing education (which includes some colleges and apprenticeship programs).

## Your high school plan

Use what you learn from this guide to make decisions about your studies over the next three years. By planning ahead, you can make sure your studies meet requirements and serve your goals and interests.

### Checklist

Make sure you:

- choose core and option courses needed for your program\*
- have the prerequisites you need
- consider what you need to apply for post-secondary studies and achieve your career goals

\* Career and Life Management (CALM) and Physical Education are not core courses, but are required for an Alberta High School Diploma, so don't forget to add them to your list!

## Sample plan

The sample plan gives you a sense of the courses required to get an Alberta High School Diploma.

Grade 10		Grade 11		Grade 12

### Need a bit more help planning your courses?

Visit [myblueprint.ca/epsb](http://myblueprint.ca/epsb) to design a plan based on courses offered at the school of your choice. You can also find Canada-wide information about post-secondary and employment opportunities based on that plan.

# Prepare for school

*Rise and shine for your first day!*

*Buses that go by my school:*

.....

.....

.....

.....

*What I need to bring for my first day:*

.....

.....

.....

.....

.....

.....

.....

## Need a ride to school?

Some students drive themselves to school while others catch rides with family or take public transit. Check [takeets.com](http://takeets.com) to see if there's an Edmonton Transit System (ETS) route that will take you to school.

## Watch for your course confirmation

During the summer break, you'll get information on SchoolZone from your high school with confirmation of the courses you've requested. If you need to change any classes, let your high school know.

You may also be invited to attend an orientation day or registration day where you'll pick up your timetable, get textbooks and smile for your student ID photo.

**Save the date!**  
The first day of school is  
**September 5!**

*My goals for after high school:*

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

## Summer school

Summer school can help you complete required courses, free up space in your timetable for next year, upgrade marks or finish your diploma to pursue post-secondary courses. You can choose from a variety of 10-, 20- and 30-level subjects and finish courses in under four weeks.

Summer school is open to students of all ages. Daytime and evening classes are offered in a variety of locations around Edmonton.

For more information, speak with your high school counsellor, call Metro Continuing Education at 780-428-1111 or visit [metrocontinuingeducation.ca](http://metrocontinuingeducation.ca).

## Planning post-secondary studies

Student Services or an assistant principal at your future high school can help you plan for post-secondary studies. You'll want to become familiar with admission requirements for the post-secondary schools you're considering. Check each school's website for up-to-date requirements, registration deadlines and program info.

Find lists of post-secondary institutions, planning resources and more at:

- [education.alberta.ca](http://education.alberta.ca)
- [eae.alberta.ca](http://eae.alberta.ca)
- [alis.alberta.ca](http://alis.alberta.ca)

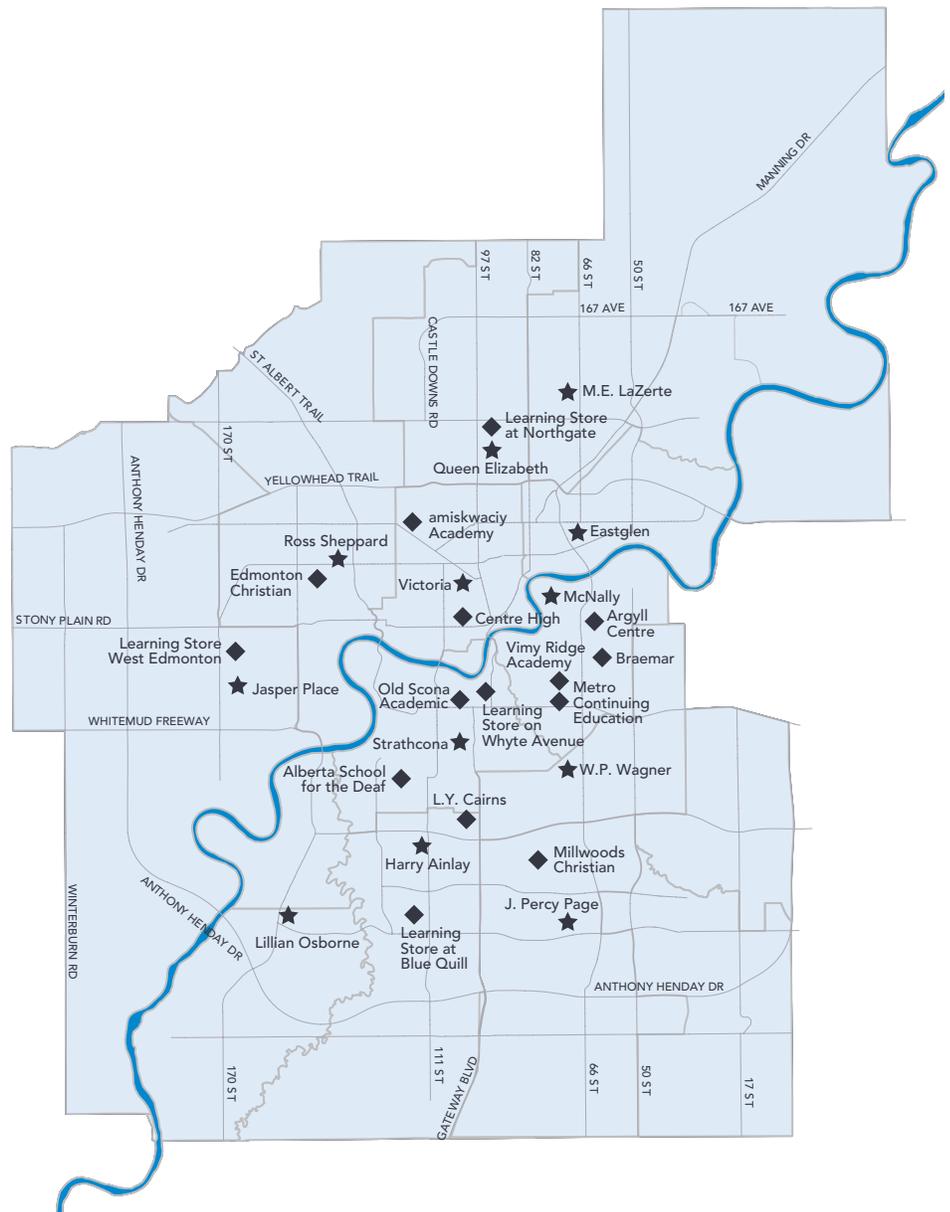

# High school locations . . . . . →

## High schools with designated attendance areas:

- ★ Eastglen
- ★ Harry Ainlay
- ★ J. Percy Page
- ★ Jasper Place
- ★ Lillian Osborne
- ★ M.E. LaZerte
- ★ McNally
- ★ Queen Elizabeth
- ★ Ross Sheppard
- ★ Strathcona
- ★ Victoria
- ★ W.P. Wagner

## Specialized high school programs without designated attendance areas:

- ◆ Alberta School for the Deaf
- ◆ Academy at King Edward (*multiple campuses*)
- ◆ amiskwacyi Academy
- ◆ Argyll Centre
- ◆ Braemar
- ◆ Centre High Campus
- ◆ Edmonton Christian
- ◆ L.Y. Cairns
- ◆ Learning Store at Blue Quill
- ◆ Learning Store at Northgate
- ◆ Learning Store West Edmonton
- ◆ Learning Store on Whyte Avenue
- ◆ Metro Continuing Education
- ◆ Millwoods Christian
- ◆ Old Scona Academic
- ◆ Vimy Ridge Academy

Use the Find a School tool to search for your designated school, or search by program, name or keyword at [epsb.ca/fast](https://epsb.ca/fast).

Find the most up-to-date version of this information at **[epsb.ca](https://www.edmonton.ca/epsb)**.
