

# BUILDING ASSESSMENT

## Glendale Elementary

An independent consultant completed an assessment for Edmonton Public Schools to determine which repairs are needed to bring **Glendale Elementary** to a condition that will allow the building to function without additional major work for the next 40 years.

**These repairs would simply fix and replace components that are already in the school. The repairs do not include additions, enhancements or space re-configurations that would create modern learning spaces for students. The school would still be laid out and function like a school built in the 1950's.**

### ABOUT Glendale Elementary

- Built in 1951
- Additions in 1956 and 1960
- No major modernizations

<p><b>Architectural/Structure</b> </p> <ul style="list-style-type: none"> <li>• repair foundation</li> <li>• replace roof and flooring</li> <li>• replace exterior utility doors</li> <li>• paint and other interior finishes to be renewed</li> <li>• replace all wired glass</li> <li>• replace flooring and ceiling</li> <li>• barrier-free upgrades</li> </ul>	<p><b>Mechanical</b> </p> <ul style="list-style-type: none"> <li>• replace and upgrade major mechanical systems                     <ul style="list-style-type: none"> <li>• heating, ventilation and cooling (HVAC)</li> <li>• plumbing (supply and drainage)</li> <li>• washroom fixtures</li> </ul> </li> </ul>	<p><b>Hazardous Materials</b> </p> <ul style="list-style-type: none"> <li>• an allowance is made for the removal/handling of any hazardous materials disturbed during renovations and/or demolition.</li> </ul>
	<p><b>Electrical</b> </p> <ul style="list-style-type: none"> <li>• updates to fire protection (install sprinkler system)</li> </ul>	<p><b>Grounds</b> </p> <ul style="list-style-type: none"> <li>• no repairs identified in report</li> </ul>

All District schools are well maintained and safe for students and staff. All of our buildings conform to all codes in effect at the time of construction. Any upgrade or modernization must meet current standards and codes.

**TOTAL COST OF REPAIRS NEEDED:**

**\$3,350,553**
