Heading to high school in 2024–25

Make sure you feel prepared for the move to high school! Read through this guide, talk to your family and teachers and attend open houses to decide what's best for you.

Stay in the know about what's happening in the Division:

- check **SchoolZone** regularly
- visit **epsb.ca**
- follow us on social media:

 **EPSBNews**

 **EPSBNews**

 **EdmontonPublicSchools**

Get on track

There are lots of steps between finishing Grade 9 and starting your first day of high school. Here's what you can do now to stay on track!

Research your options

Take time to find information about schools you're interested in and choose one that suits you.

Check out school websites and social media

Find a list of high schools at epsb.ca/schools/findaschool/list/seniorhigh.

Explore school websites to learn more about what you can look forward to, including:

- programs and courses
- registration dates
- athletics and clubs
- news and events
- services for students

School social media accounts will give you a snapshot of student life and exciting ways to get involved.

Review school course guides

High school course guides are full of information about school programs, courses, clubs and services. Visit school websites to read course guides and learn more about what makes the school unique.

▶ Attend school open houses

Trying something new feels better when you're prepared. Take the guesswork out of choosing a school and join us at an open house! Discover what programs, activities and complementary courses await you next year. Chat with teachers and ask questions to find out what feels right for you.

Find open house dates at openhouse.epsb.ca.

▶ Learn online for the 2024–25 school year

Register or pre-enrol at Argyll Centre if you prefer to learn online.

Families who pre-enrol at Argyll Centre will not stay connected to their current or designated school and, in some circumstances, may not be guaranteed a space there the following year. Find more information about pre-enrolment for current students: epsb.ca/schools/register/currentstudents.

Learn more about Argyll Centre at epsb.ca/schools/argyll.

Enrol at a school

Your designated school

Every resident student of Edmonton Public Schools has a designated school (though it may not be the one closest to your home).

If you are a resident student and register by 4 p.m. on March 22, you can attend your designated high school, **unless your school has a lottery process (Lillian Osborne)***.

If you register or change your choice after March 22, your options for where to attend high school may be limited.

Find your designated school at epsb.ca/schools/findaschool.

Generally, a **resident student** of Edmonton Public Schools has at least one parent or legal guardian living in Edmonton who is not Roman Catholic.

Other school options

You can attend any other Division high school if:

- the school has space
- you meet any entrance criteria the school might have (Old Scona School)

Schools with limited space

If a high school does not have enough space for all students who want to attend the school, new applicants are chosen by random selection. In this situation, resident students of Edmonton Public Schools who live in the attendance area are given priority.

For more information about random selection, visit epsb.ca/schools/register/randomselection.

* Lottery process

Due to growing student enrolment and a shortage of space, Lillian Osborne is at Level 3 on the Division's **Growth Control Model**. The school uses a lottery process as needed for resident students from the attendance area and siblings of current students.

If you are a resident student of Edmonton Public Schools and this is your designated school, visit our website to understand how the lottery process will impact enrolment: epsb.ca/lotteryprocess.

For more information about high school registration, visit epsb.ca/schools/register/highschoolregistration.

Enrol at a school *(continued)*

Registration vs. pre-enrolment

Are you **new** to Edmonton Public Schools?

YES

REGISTER

To register, visit epsb.ca/schools/register/newstudentregistration. Complete a digital student registration form and find out which documents you can use to confirm your address and legal name.

You can register at a Division school throughout the year, but registering after March 22 may limit your options. You can only register at one school.

NO

PRE-ENROL

Tell your parents about pre-enrolment.

Your parents need to sign in to SchoolZone and select your preferred school between February 1 and March 22.

Need help?

Contact your current school office or principal.

ENROL BY 4 P.M. ON MARCH 22

Looking for a school with a particular program?

French immersion or bilingual programs

If you're currently enrolled with Edmonton Public Schools in a French immersion or bilingual program and you plan to continue in the program, you're guaranteed admission to one of the high schools that offers that program **if you pre-enrol by 4 p.m. on March 22 and select that program.**

High school with entrance criteria

If you're applying to Old Scona School, you must submit an application by 4 p.m. on February 2. Students will need to meet certain entrance criteria and write an entrance exam. Visit epsb.ca/schools/register/entrancecriteria/schools for more information.

Learn more about our regular, alternative and specialized programming at epsb.ca/programs.

Choose your courses

Alberta High School Diploma requirements

To obtain an Alberta High School Diploma, you must earn at least 100 credits by taking required courses plus other courses that interest you and help you achieve your goals.

These courses are required for a diploma

- English Language Arts 30-1 or 30-2
- Social Studies 30-1 or 30-2
- Mathematics 20-1 or 20-2 or 20-3
- Science 20 or 24 or Biology 20 or Chemistry 20 or Physics 20
- Physical Education 10
- Career and Life Management (CALM)

The science requirement may also be met with the 10-credit combination of Science 14 and Science 10.

Earn 10 credits or more, in any combination, from:

At least 10 credits should come from these courses

- Career and Technology Studies (CTS)
- Fine arts
- Second languages
- Physical Education 20 and/or 30
- Registered Apprenticeship Program (RAP) courses
- Knowledge and Employability courses
- Locally developed courses in CTS, fine arts, second languages or Knowledge and Employability*

Earn 10 credits or more in any 30-level course (in addition to a 30-level English Language Arts and 30-level Social Studies), in any combination, from:

At least 10 credits should come from these courses

- 30-level Mathematics or Science or fine arts or second languages or CTS or Physical Education
- 30-level locally developed courses*
- 30-level Work Experience
- 30-level Registered Apprenticeship Program (RAP)
- 30-level Knowledge and Employability courses
- Advanced level (3000 series) in CTS courses
- 30-level Green Certificate Program courses
- Special Projects 30

* Locally developed courses give you a chance to explore a range of interests like film and media art, leadership or vocal jazz.

Learn more about these course options from high schools that interest you.

Diploma exams

are assessments given to Alberta high school students who are taking 30-level diploma examination courses. Final marks in these courses are a blend of school and diploma exam marks.

Diploma exams are required in:

- English Language Arts 30-1 and 30-2
- Social Studies 30-1 and 30-2
- Mathematics 30-1 and 30-2
- Biology 30, Chemistry 30, Physics 30 and Science 30
- French Language Arts 30-1

More information: alberta.ca/graduation-requirements-credentials-and-credits.

Choose your courses *(continued)*

You need to meet course requirements and have **100 credits** to earn your high school diploma. For more details on requirements, see page 5.

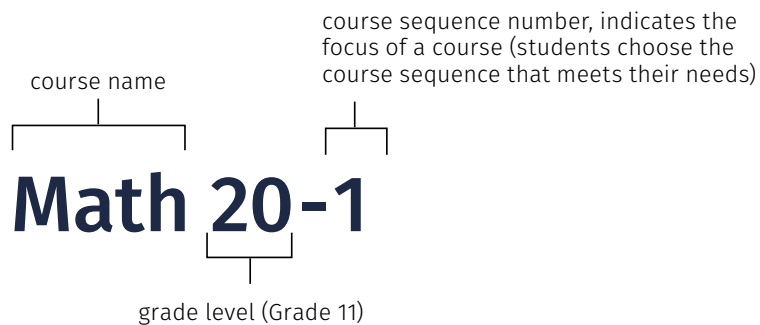

Course credits

To earn credits in a high school course, you need to complete the course with a mark of at least 50%. Each course is assigned a number of credits (usually 3 or 5), and credits can only be earned once in any course.

Course numbering

A course number typically tells you both the grade level and focus of a course.

- Grade 10 courses are numbered 10 through 15 (for example, Science 10 and Science 14).
- Grade 11 courses are numbered 20 through 25 (for example, Biology 20).
- Grade 12 courses are numbered 30 through 35 (for example, Mathematics 31).

Course sequences

Course numbers are arranged in sequences. For example, an English Language Arts (ELA) course sequence might involve taking English Language Arts 10-1 in Grade 10, English Language Arts 20-1 in Grade 11 and English Language Arts 30-1 in Grade 12.

Choose your courses *(continued)*

Prerequisites

A prerequisite is something you need to do or know before doing or learning something else. Most Grade 11 and 12 courses have prerequisites. Usually you need to earn a grade of at least 50% in a prerequisite course to take the next course in a sequence.

For example, you need **at least 50%** in Social Studies 10-1 to take Social Studies 20-1.

If you earn less than 50%, you may choose to:

- repeat the course or
- with your principal's approval, continue to the next level in a different course sequence (if available) and earn credits retroactively.

For example, if you earn less than 50% in Social Studies 10-1, but continue to Social Studies 20-2 and complete the course (with at least 50%), you will earn credits for Social Studies 10-2 and Social Studies 20-2.

Course options

From fine arts to languages to career and technology courses, there are many complementary courses offered at high schools. Check school websites or course guides and attend information sessions to learn more.

Whether you plan to go to a university, college or technical school or transition directly to the working world after high school, the courses you choose should help you work toward your goals, interests and capabilities.

What are core courses?

Core courses are required to graduate.

They include:

- English Language Arts
- Social Studies
- Mathematics
- Science

Career and Life Management (CALM) and Physical Education 10

are also required for an Alberta High School Diploma.

Core courses

English Language Arts

Studying English Language Arts (ELA) involves much more than reading and writing. The two aims of the high school English Language Arts program are to:

- provide you with an understanding and appreciation of a broad range of texts and themes
- enable you to use language for many purposes

English Language Arts focuses on six areas: listening, speaking, reading, writing, viewing and representing.

To earn an Alberta High School Diploma, you need to complete:

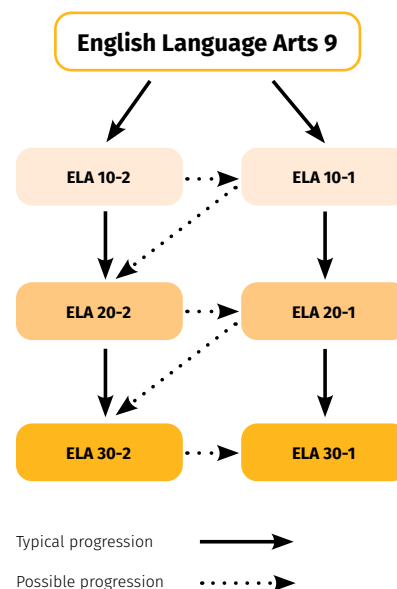

- ✓ **English Language Arts 30-1 or 30-2**

There are two main course sequences in English Language Arts (ELA):

- **English 10-1, 20-1 and 30-1**
- **English 10-2, 20-2 and 30-2**

Both focus on interpreting texts and refining your ability to show that you understand those texts. Additionally, both sequences meet diploma requirements upon completion of the 30-level course. However, ELA 10-1, 20-1 and 30-1 place more emphasis on understanding complex texts, and students who take this course sequence will create and analyze a variety of increasingly sophisticated literary texts.

Some post-secondary programs accept English Language Arts 30-2 for entry. Make sure you're familiar with entrance requirements for the programs you're considering. Talk to your school counsellor to make sure your chosen course sequence is right for you.

Both the -1 and -2 English Language Arts course sequences can be used to apply for the Alexander Rutherford Scholarship for High School Achievement.

Social Studies

Social Studies explores how people are connected to each other and the world. By studying past and present issues, you'll learn about diversity and respecting multiple perspectives. The goal is to help you decide your future as an engaged and responsible citizen within your local and global communities.

REQUIRED
CORE COURSE

To earn an Alberta High School Diploma, you need to complete:

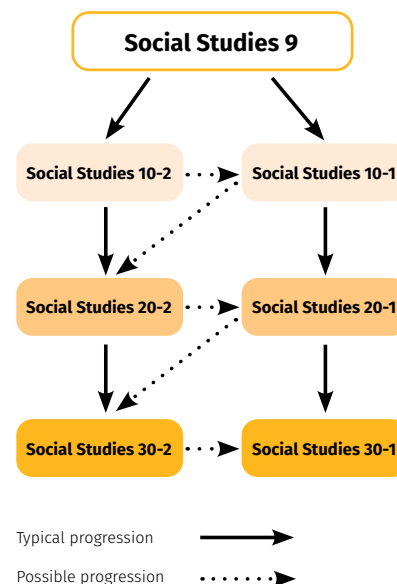

- ✔ **Social Studies 30-1 or 30-2**

There are two main course sequences in Social Studies:

- **Social Studies 10-1, 20-1 and 30-1**
- **Social Studies 10-2, 20-2 and 30-2**

In both sequences, students explore the meaning and effects of globalization, nationalism and ideologies. Additionally, both sequences meet diploma requirements upon completion of the 30-level course. However, the expectations for Social Studies 10-1, 20-1 and 30-1 put more emphasis on complex concept development, critical thinking and skill development.

Many post-secondary schools accept Social Studies 30-2 for entry. Make sure you're familiar with entrance requirements for the post-secondary programs you're considering. Talk to your counsellors to make sure your chosen course sequence is right for you.

Both the -1 and -2 Social Studies course sequences can be used to apply for the Alexander Rutherford Scholarship for High School Achievement.

Mathematics

Math counts! In every aspect of your life, you use numbers, problem solving and spatial reasoning to help make decisions. The more you learn about how math systems work, the better you will be at making choices that help yourself and others.

To earn an Alberta High School Diploma, you need to complete:

- ✓ a 10- and 20-level math course to earn at least 10 credits

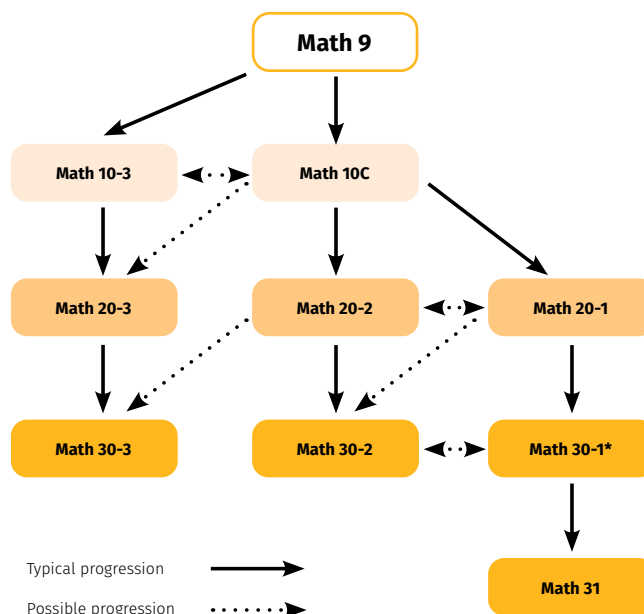

Mathematics 10C (Combined) is the starting point for both course sequences and will prepare you for entry into post-secondary programs that require advanced math skills. You must typically have 50% in Math 9 to enter this course.

Mathematics 20-1 and **30-1** are precalculus courses designed to prepare you for entry into post-secondary studies involving calculus, such as engineering, business and certain sciences.

Mathematics 20-2 and **30-2** prepare you for post-secondary studies in programs that do not involve calculus, such as arts, nursing and education.

Mathematics 10-3, 20-3 and **30-3** provide you with the foundational understanding and critical-thinking skills for entry into many trades and for direct entry into the workforce.

Mathematics 31 is a calculus course that prepares you for post-secondary programs that recommend or require high school calculus for entrance. You can take Mathematics 31 at the same time as Mathematics 30-1. See your school counsellor for more information.

*Math 30-1 is a prerequisite or corequisite for Math 31.

Both the -1 and -2 Math course sequences can be used to apply for the Alexander Rutherford Scholarship for High School Achievement.

Core courses (continued)

Science

Science inspires a sense of wonder and curiosity about the world. Studying the relationships between science, technology and society can help you understand how and why things work. You might even make discoveries that improve yourself and the world.

REQUIRED

To earn an Alberta High School Diploma, you need to complete:

- ✓ **Science, Biology, Chemistry or Physics at the 20 level OR both Science 14 and 10**

Science 10 is the prerequisite for all the academic sciences. You need to complete Science 10 before advancing to other science courses. Science 10 provides you with an overview of the biological, chemical, physical and earth sciences, as well as an awareness of the connections between them.

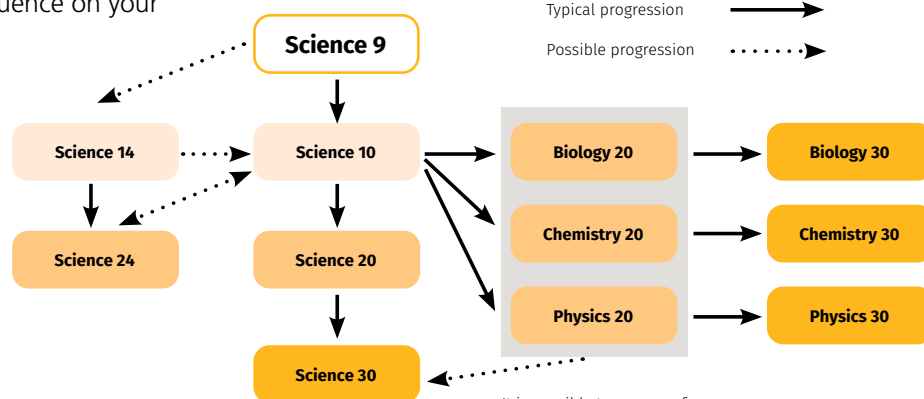

Biology 20 and **30** explore how living organisms interact with each other and within their systems. Biology 20 focuses on energy and matter exchange and is a prerequisite for Biology 30. Biology 30 emphasizes adaptation and change.

Chemistry 20 and **30** examine matter and how it interacts on a molecular level. You'll get a chance to explore and understand the natural world and see chemistry's influence on your everyday life.

Physics 20 and **30** examine matter and energy and their interactions. You will study the underlying physics principles behind natural events.

Science 20 and **30** explore concepts related to physics, biology, chemistry and earth sciences. Biology 20, Chemistry 20 or Physics 20 can be used as prerequisites for Science 30.

Science 14 and **24** include topics in biology, chemistry and physics you can apply in your daily life. These courses allow you to meet the credit requirements for an Alberta High School Diploma.

Core courses *(continued)*

Physical Education

Physical Education classes are a great way to foster a healthy and active lifestyle. Their central theme—daily active living—explores four main concepts: movement activities, health benefits, interacting positively with others and personal responsibility.

REQUIRED

To earn an Alberta High School Diploma, you need to complete:

- ✓ **at least 3 credits in Physical Education 10**

Physical Education 10 (*3 or 5 credits*) is one of the requirements for an Alberta High School Diploma. Physical Education gives you the knowledge, skills and attitudes necessary to lead an active, healthy lifestyle.

Physical Education 20 and **30** (*3 or 5 credits*) are optional courses and involve increased exposure to life-skill activities and leadership experience. The skills developed in these courses help you make choices that lead to an active, healthy lifestyle.

Physical Education 9

Physical Education 10

Physical Education 20

Physical Education 30

Career and Life Management (CALM)

Career and Life Management (CALM) helps you develop the knowledge, skills and attitudes necessary for well-being in our rapidly changing society. You will learn to make well-informed decisions in all aspects of your life.

CALM is organized around three main themes:

- self-awareness and health
- resources related to independent living
- career and life choices

Students will participate in independent assignments, group projects and discussions. Guest speakers may be invited to provide information on a wide range of health and wellness issues.

REQUIRED

To earn an Alberta High School Diploma, you need to complete:

- ✓ **CALM**

Other courses and programming *(continued)*

Language programming

Language programming is designed to give you a strong foundation for interacting with others and pursuing post-secondary studies in a language other than English.

Some schools also offer language and culture programs. Read the high school course guides or talk to the schools you're interested in to find out which courses and programs they offer.

French immersion program

In the French immersion program, students learn core subjects in French. Graduates may receive an internationally recognized diploma accepted by French Canadian post-secondary institutions and other universities worldwide. French immersion is offered at:

- Harry Ainlay
- Ross Sheppard

Bilingual programs

Bilingual programs are designed as partial immersion programs where students develop linguistic and cultural competencies through an international perspective. Graduates may receive internationally recognized diplomas in specific languages accepted at universities worldwide. Bilingual programming is offered at:

- Alberta School for the Deaf (American Sign Language)
- Lillian Osborne (Chinese Mandarin)
- M.E. LaZerte (Chinese Mandarin)
- Queen Elizabeth (Arabic)
- Ross Sheppard (Chinese Mandarin)
- Strathcona (German and Spanish)

More info: [epsb.ca/programs/language](https://www.epsb.ca/programs/language)

Campus EPSB

Campus EPSB is another way you can earn high school credits and industry credentials, get ahead of your studies or prepare for post-secondary. You could travel to another school for a semester to immerse yourself in a course related to a potential career pathway. It's a great way to get hands-on experience and try out career-specific technologies. Courses include Cosmetology, Community Care, Exploring Aviation, Automotive Service Technician and more!

Interested in exploring potential careers? Head to [epsb.ca/programs/skills/campusepsb](https://www.epsb.ca/programs/skills/campusepsb) for more information.

Campus EPSB is offered through Career Pathways. Visit [epsb.ca/ourdistrict/topics/careerpathways](https://www.epsb.ca/ourdistrict/topics/careerpathways) to learn more about programming, resources and learning opportunities.

Other courses and programming *(continued)*

Off-campus education

Off-campus education allows you to explore job interests and learn more about potential careers.

Courses include:

- Work Study
- Workplace Readiness 10-4
- Workplace Practicum 20-4 and 30-4
- Work Experience 15, 25 and 35
- Career Internship 10
- Registered Apprenticeship Program
- Green Certificate Program

Off-campus learning experiences require students to complete a minimum of 1 credit (25 hours) of safety training.

Registered Apprenticeship Program

The Registered Apprenticeship Program (RAP) allows you to:

- work as an apprentice to earn credits toward a high school diploma (5 credits for every 125 hours of work, to a maximum of 40 credits or 1,000 hours)
- accumulate hours toward your ticket in one of Alberta's 50 designated trades
- transition into a full-time apprenticeship program when you graduate
- complete health and safety training
- earn at least minimum wage

Work Experience

Work Experience 15, 25 and 35 give you the chance to explore possible careers and get credits for paid or volunteer work. One credit is earned for every 25 hours of experience. You may earn 3 to 10 credits at each level, but a maximum of 15 may be counted toward the 100-credit requirement for a diploma.

While many schools offer the Registered Apprenticeship Program and Work Experience, a variety of off-campus courses may suit your needs. Talk to a school counsellor to find your best fit.

If your high school offers 3400-level Career and Technology Studies courses, you may be able to use them toward your first year of technical training in a trade.

More info: tradesecrets.alberta.ca

Some employers even pay students for their work!

Get organized with myBlueprint

myBlueprint provides you with tons of online resources to explore and plan your life both inside and outside school. Use it to build course plans at the school of your choice and track your graduation progress. You can also explore your personality and interests through surveys, and see what courses, jobs and post-secondary programs might be a great fit.

Sign in to your student account at schoolzone.epsb.ca and click on Apps or visit myBlueprint.ca/epsb.

Other courses and programming *(continued)*

Knowledge and Employability

Earning a Certificate of High School Achievement

Students enrolled in Knowledge and Employability (K&E) courses can take advantage of community partnerships to prepare for employment, further studies, active citizenship and lifelong learning. K&E courses give you the opportunity to learn through hands-on activities at school and off campus, maximizing your chances for success in whatever you choose to do.

Earn a **Certificate of High School Achievement** when you complete 80 credits in a combination of K&E and other courses.

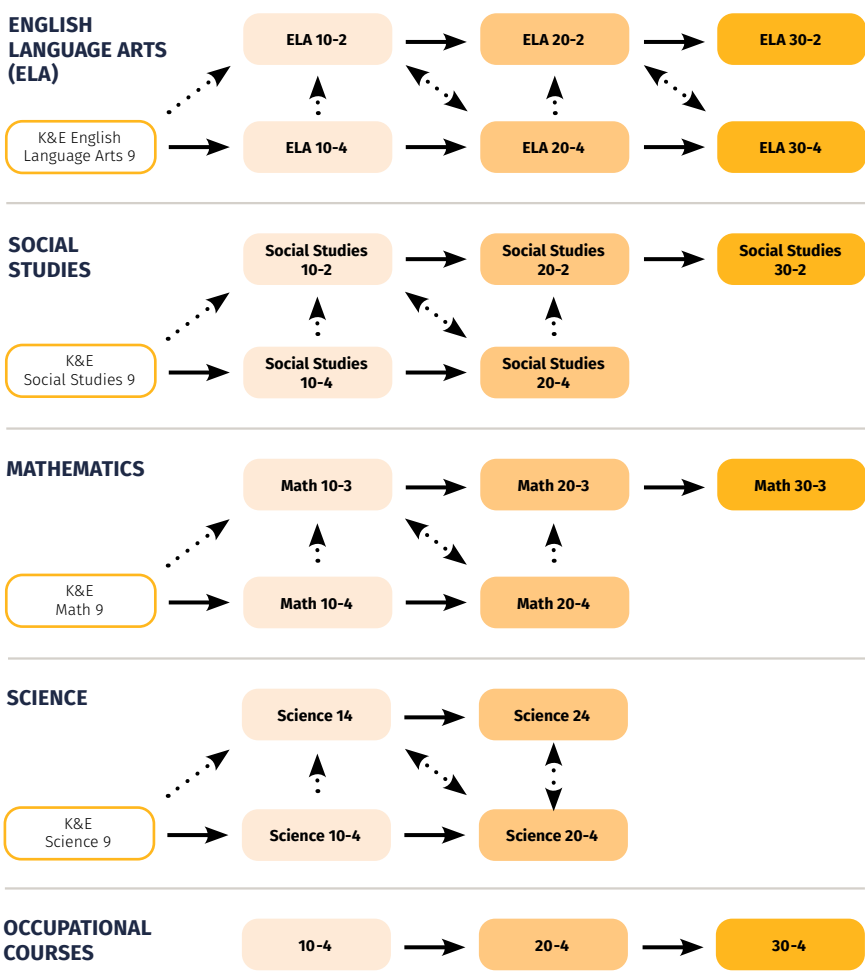

OR

Earn an **Alberta High School Diploma** if you meet the requirements listed on page 5.

K&E courses may be for you if:

- you plan to complete a Certificate of High School Achievement (rather than an Alberta High School Diploma)
- your goals include succeeding in school to better prepare for the workplace
- you achieve your greatest success through hands-on learning activities

Some students start in K&E courses and then shift to other high school courses. To make the transition, consult with your school counsellor and parents or guardians. Transitions will be decided based on your needs, goals and achievements. You may also transition to training opportunities and continuing education (which includes some colleges and apprenticeship programs).

Typical progression →
Possible progression→

Your high school plan

Use what you learn from this guide to make decisions about your studies for the next three years.

By planning ahead, you can make sure your studies meet requirements and serve your goals and interests.

Checklist

- Choose core and option courses needed for your program*
- Have the prerequisites you need
- Consider what you need to apply for post-secondary studies and achieve your career goals

* Career and Life Management (CALM) and Physical Education are not core courses, but are required for an Alberta High School Diploma, so don't forget to add them to your list!

Prepare for school

Need a ride to school?

Some students drive themselves to school while others catch rides with family or take public transit. Check [takeets.com](https://www.takeets.com) to see if there's an Edmonton Transit System (ETS) route that you can take to school.

Watch for your course confirmation

During the summer break, you'll receive confirmation of your courses. Sign in to SchoolZone to check your courses and let your high school know if you need to change any classes.

You may also be invited to an orientation day or registration day where you'll pick up your timetable, get textbooks and smile for your student ID photo. Watch your school email account and SchoolZone for more information.

Save the date!

The first day for most schools is **August 29!**

Supports for student success

Feeling overwhelmed?

It's important for all of us to care for our own mental well-being. But it's not always easy to stay balanced as we face the ups and downs of life. High school is both exciting and challenging. You may experience issues with school work, getting along with other students or problems not directly related to school. It's OK to ask for help.

Mental health is a priority for staff and students in schools. School staff will know how to offer you support or guide you to the right place. Talk to staff at the schools you're considering to learn about the supports they have for students.

You can also find supports at epsb.ca/schools/goingtoschool/studentconduct/support.

Specialized programming

Every student is unique, with different strengths and challenges. We offer a range of environments within high schools to support all students in their learning and to help nurture their social, emotional, intellectual and physical well-being.

If you have unique learning needs that may require specialized supports and services to help you succeed, visit the high schools you're considering or contact them to ask questions about how they can support your learning.

Discover more about our specialized programming options at epsb.ca/programs/specializedprogramming.

Summer school

Summer school can help you complete required courses, free up space in your timetable for next year, upgrade marks or finish your diploma to pursue post-secondary courses. You can choose from a variety of 10-, 20- and 30-level subjects and finish courses in under four weeks. Physical Education 10 and CALM are two weeks long.

Registration opens in the spring. For the most up-to-date information, speak with your high school counsellor, assistant principal or visit metrocontinuingeducation.ca/summer-school.

A vertical column of horizontal dotted lines on a grey background, intended for student notes.

Get awards, scholarships and bursaries

Each high school offers awards to recognize students' outstanding accomplishments and contributions. There are awards for:

- academics
- the arts
- athletics
- citizenship, leadership and community service
- environmental and social justice

Contact your high school to learn about specific awards.

Discover more student awards and scholarship opportunities from:

- Edmonton Public Schools and community sponsors at epsb.ca/schools/goingtoschool/awards
- Government of Alberta at alis.alberta.ca

Level up your leadership

Each spring, high schools have a chance to choose two Student Senators to represent their school. Student Senators connect with other students, in all grades, and then share their ideas and concerns about education with Division leaders. Bring your unique perspective and experiences to the Student Senate, and help make sure all students have a voice in decisions that affect their lives.

Learn more at epsb.ca/ourdistrict/board/studentssenate.

Planning post-secondary studies

Student Services or an assistant principal at your future high school can help you plan for post-secondary studies. You'll want to become familiar with admission requirements for the post-secondary schools you're considering. Check each school's website for up-to-date requirements, registration deadlines and program information.

Find lists of post-secondary institutions, planning resources and more at:

- alberta.ca/education
- alberta.ca/advanced-education
- alis.alberta.ca

High school locations

High schools with designated attendance areas:

- ★ Dr. Anne Anderson
- ★ Eastglen
- ★ Elder Dr. Francis Whiskeyjack
- ★ Harry Ainlay
- ★ J. Percy Page
- ★ Jasper Place
- ★ Lillian Osborne
- ★ M.E. LaZerte
- ★ McNally
- ★ Queen Elizabeth
- ★ Ross Sheppard
- ★ Strathcona
- ★ Victoria
- ★ W.P. Wagner

Specialized high school programs without designated attendance areas:

- ◆ Alberta School for the Deaf
- ◆ Academy at King Edward (*multiple campuses*)
- ◆ amiskwacyi Academy
- ◆ Argyll Centre
- ◆ Braemar
- ◆ Centre High Campus
- ◆ Edmonton Christian
- ◆ L.Y. Cairns
- ◆ Learning Store at Blue Quill
- ◆ Learning Store at Northgate
- ◆ Learning Store West Edmonton
- ◆ Learning Store on Whyte Avenue
- ◆ Metro Continuing Education
- ◆ Millwoods Christian
- ◆ Old Scona
- ◆ Vimy Ridge Academy

Use the Find a School tool to search for your designated school. You can also search by school name, program or keyword.
