

Pre-Kindergarten Screening Sessions

Pre-Kindergarten builds children's strengths and skills in a playful, language-rich environment. This program supports children who have developmental delays, have a first language other than English, or identify as First Nations, Métis, or Inuit.

Children must be 3 years old or older on March 1 to attend a screening session.

SIGN UP FOR A SCREENING

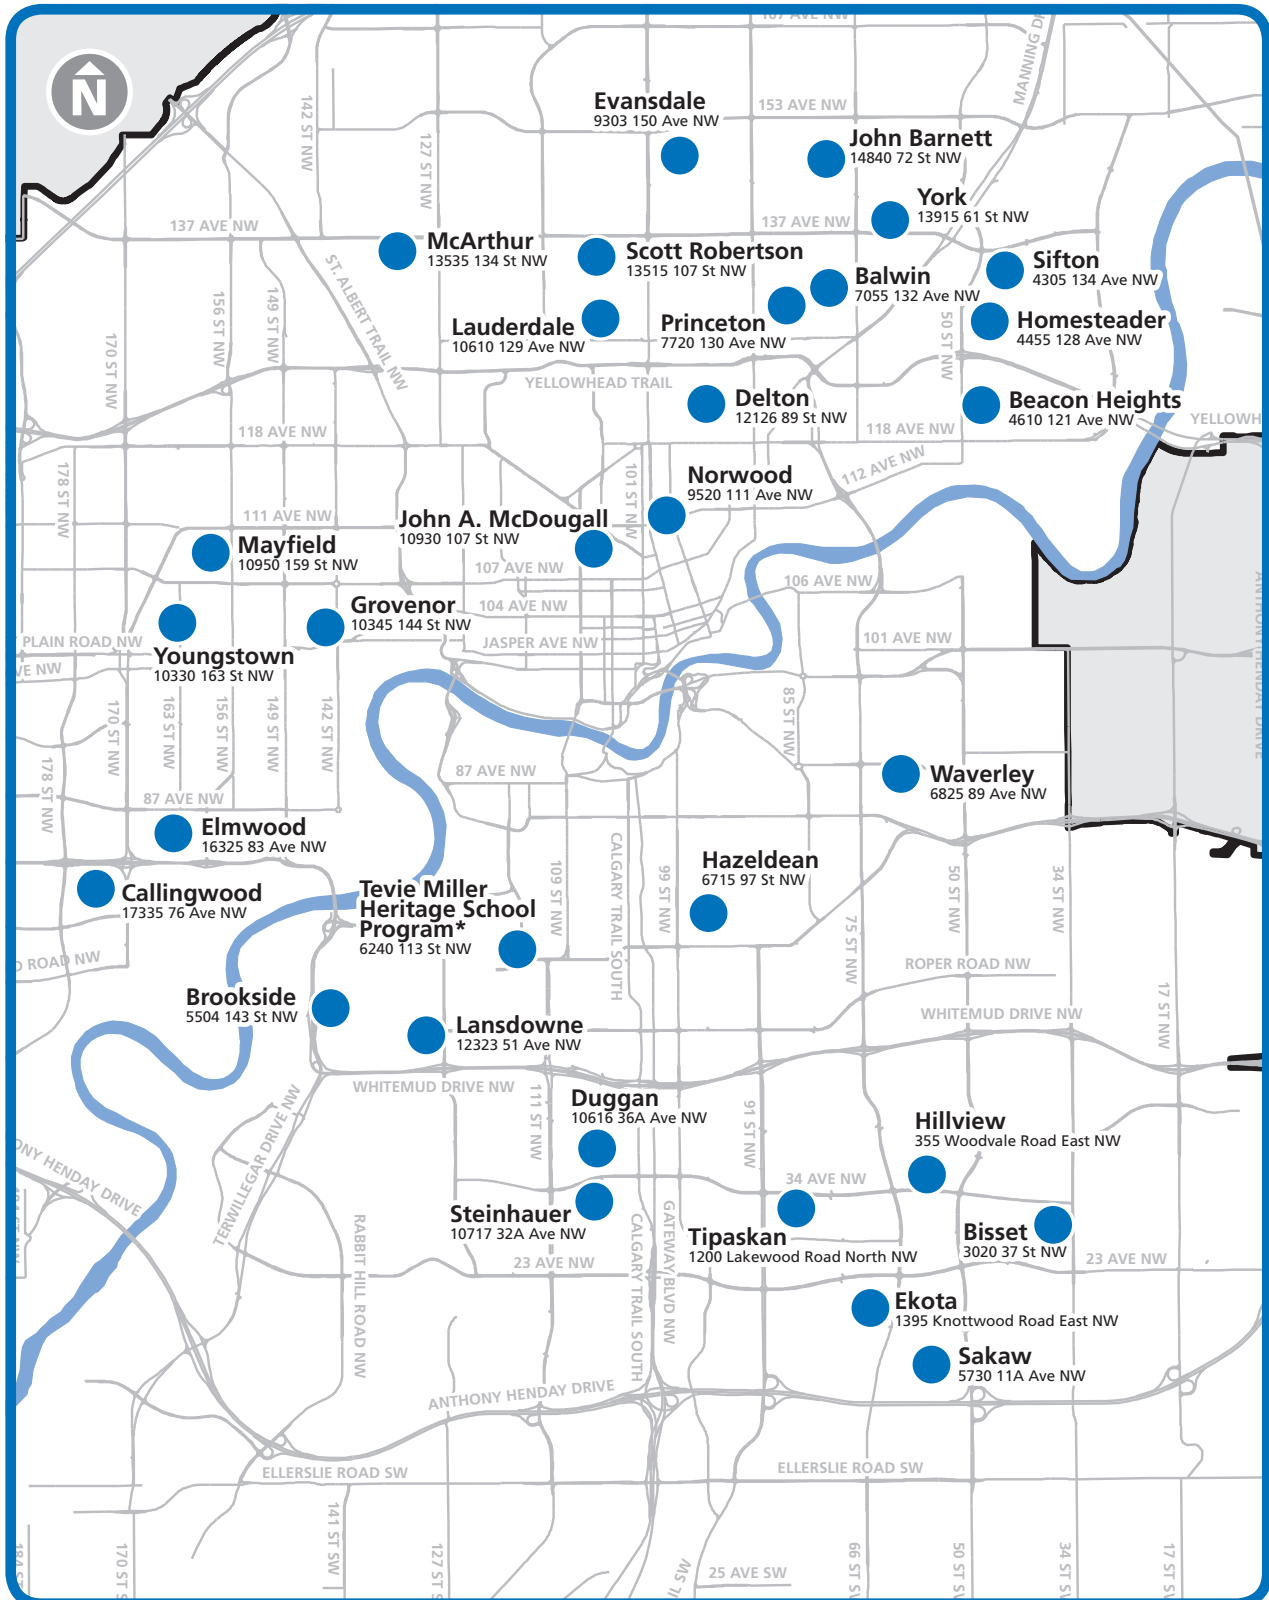

Call one of the schools below to sign up. Please sign up for only one session.

Screening sessions take about one hour. Using toys, books and fun activities, a Speech Language Pathologist and an Occupational Therapist will assess your child. This helps us figure out whether your child is eligible for Pre-Kindergarten. If your child is eligible, the decision for which school they attend will be based on your child's needs and available space.
