D. Communications from the Acting Board Chair

The Acting Board Chair advised that February 22, 2017, is Pink Shirt Day and that it was started following an anti-bullying stand of two grade 12 Nova Scotia students in 2007. The students took action after witnessing a grade 9 student being bullied for wearing pink to school and encouraged their schoolmates to wear pink to send a message against bullying. Since then, the Pink Shirt Day Campaign has sent a powerful message that Bullying Stops Here. Through awareness and education, Canadians can continue to take a stand against bullying.

On behalf of the Board, the Acting Board Chair encouraged everyone to wear a pink shirt on February 22 to symbolize that as a society we will not tolerate bullying anywhere.

E. Communications from the Superintendent of Schools

The Superintendent advised that a Teacher Collaboration Committee meeting was held on February 7, 2017. He explained that 60 randomly selected teachers from a variety of schools in Divisions 1 to 4 throughout the District came together to discuss student assessments. The Committee will be reviewing the information and sharing a report with all leaders across the District in order for them to continue to have conversations with parents and staff.

The Superintendent advised that the Hockey Helps Kids fundraiser was coming to a close with only two days left and encouraged everyone to go online to vote.

The Superintendent shared that open house season is once again happening. He said that the Communications department has designed a fabulous campaign which will be advertised on the District website, announced on radio stations, social media and signs throughout the City. It is a great opportunity for families to tour the District’s schools, meet staff and to get know the programs and cultures in the schools because we are a district of choice. The Superintendent shared that the Find a School tool is on the District website which provides information and dates of schools that will be hosting open house sessions.
