### ISSUE

In alignment with a [January 14, 2020 board motion](#), the Division reports annually on average class size across all subjects and core subjects. Attached are the Division’s 2025–2026 class size reporting results, along with two years of historical data.

### KEY POINTS

- Class size information from across all Division schools is presented for Division I (Kindergarten to Grade 3), Division II (Grades 4 to 6), Division III (Grades 7 to 9), and Division IV (Grades 10 to 12).
- Average class sizes on both reports, “All Subjects” (Attachment I) and “Core Subjects” (Attachment II), reveal stable average class sizes over the last year for all four Divisions.
- The largest class in each Division “Core Subjects” (Attachment II) is fairly consistent with prior years.
- Large class sizes often occur in specialized subjects where having all students together is useful for instruction, e.g. leadership, instrumental music, choral music, drama or musical theatre.
- The distribution of class sizes in both the “All Subjects” and “Core Subjects” reports for Division I demonstrates a decrease in the number of classes with between 26 to 30 and 31 to 35 students (Attachments I and II).
- The distribution of class sizes in both the “All Subjects” and “Core Subjects” reports for Divisions II, III and IV demonstrates a decrease in the number of classes with between 31 to 35 students (Attachments I and II).
- The distribution of class sizes in both the “All Subjects” and “Core Subjects” reports for Divisions III and IV demonstrates an increase in the number of classes with between 36 to 40 students (Attachments I and II).
- The class size data does not consider the program, such as French Immersion or Cogito, in which the students are enrolled.
- When students are in multi-grade classes of Grade 3/4 those classes are included in the Division II average, Grade 6/7 classes are included in the Division III average and Grade 9/10 classes are included in the Division IV average.
- Classes that are team taught by two or more teachers are reflected as a “student per teacher” size (i.e., a class of 50 with two teachers would be reported as two classes of 25).

- Special Education classes are reported separately in the “Average by Subject Category” and are included in the averages for each school in Attachments III and IV.
- Outreach, Alternative, Virtual, Home Education and Distance Education programs have been excluded.

## **BACKGROUND**

Alberta Education and Childcare implemented the Class Size Information System (CSIS) in the 2004–2005 school year to allow jurisdictions to report on various class size metrics. Class size data for semester one and full-year classes were reported annually as of the September Count Date.

The Province eliminated the class size reporting requirement in the fall of 2019. However, the Board of Trustees determined that Edmonton Public Schools would continue to collect and publish class size data consistent with previous Alberta government reporting requirements. The Board collaborated with Division Administration to develop a reporting model that considers both class size and complexity.

## **CURRENT SITUATION**

Reports mirroring those previously produced by Alberta Education and Childcare have been generated for the 2025–2026 school year, along with two years of historical data. These reports show three-year class size averages, including a jurisdictional summary by grade for all and core subjects. Aggregated Division data can be found in the “All Subjects” and “Core Subjects” reports (Attachments I and II). Individual school reports for “All Subjects” and “Core Subjects” are also included (Attachments III and IV).

## **ATTACHMENTS and APPENDICES**

ATTACHMENT I	<a href="#">ATTACHMENT I Jurisdiction All Subjects 2025–2026</a>
ATTACHMENT II	<a href="#">ATTACHMENT II Jurisdiction Core 2025–2026</a>
ATTACHMENT III	<a href="#">ATTACHMENT III Jurisdiction All Subjects School 2025–2026</a>
ATTACHMENT IV	<a href="#">ATTACHMENT IV Jurisdiction Core Subjects School 2025–2026</a>
