June 12, 2020

Dear parents, guardians and families,

Families and students have been eager to learn more about what school will look like in the fall, and I wanted to share an update with you. Yesterday, the [Government of Alberta](#) released re-entry details around the three possible scenarios being considered for September:

- In-school classes resume (near normal operation with health measures)
- In-school classes partially resume with additional health measures
- At home learning continues (in-school classes are cancelled)

The plans are detailed and give all school divisions much to consider over the coming weeks and months. We'll be using information from the provincial plans and feedback from our re-entry survey to guide our planning. Our return to school in the fall will be determined by the Chief Medical Officer of Health, Alberta Health Services and Alberta Education. The province expects to make an announcement by August 1; we will share more information when we know more.

I know that you, and our students, have many questions about what school will look like in the fall. Please be assured we're taking time to ensure our plans prioritize everyone's safety, health and well-being. We're committed to keeping you informed.

Wrapping up the 2019-2020 school year

We can all acknowledge this school year has been unlike any other and our schools are not the same without our students and families. But, I want to take a moment and reflect on what we've accomplished together this year. We've collectively shown immeasurable resilience and compassion, creativity in our connections and a never-ending thirst to learn. I want to thank you for your continued support in your child's learning.

I am hopeful we can be together again soon. I want to wish all of our families a relaxing and restful summer break. We look forward to connecting with you again soon.

Sincerely,

Darrel Robertson
