Edmonton Public Schools collects, uses and discloses personal information of students and parents as outlined under the provisions of the *Education Act* and in accordance with Section 33(c) of the *Freedom of Information and Protection of Privacy Act (FOIP)*.

This is required for educational purposes and to support a safe and respectful learning and working environment for students and staff. For the purposes outlined above, consent is not required to gather and share this information.

Using Google and other educational platforms

Edmonton Public Schools uses Google Workspace to communicate and collaborate online. Students and staff use Workspace tools like Gmail, Google Meet, Docs and Drive. A Google Workspace account is created for students when they register for school. Records and files created in Google Workspace are stored on servers located outside of Canada and are subject to foreign laws.

Edmonton Public Schools has a number of educational platforms that are licensed by the Division. This includes Mathletics, Raz-Kids, WeVideo, Pear Deck, SmartLearning and more. Your school can tell you which platforms they are using.

Monitoring for safety

Edmonton Public Schools uses monitoring software when students and staff are signed into their school accounts during school hours. This software ensures each student and staff member is provided with a respectful and safe learning environment. Content-filtering software runs whenever a student is using their school account.

Activities or events open to the public

Students may attend or participate in activities where the general public, including media, is present. Examples include sports events, concerts, cultural programs, clubs, field trips, graduation or other ceremonies.

If students are recorded in photos or videos, Edmonton Public Schools cannot control or prevent the distribution of these photos, videos, images or other personal information.
